## A MODERN OUTLINE TO YOUR LIVING SPACE

## GATES COME IN ALL 3 STYLES & COLORS

All our gates are 42 1/8" wide and come in two heights 45" & 68"

Cleanline has three different modern design options: mid trellis, full trellis, and privacy. These options come in standard 6 & 4 ft heights. Our unique designs are easily customized for different looks and heights. The horizontal board design allows for easy installation and flows flawlessly down the fence line.

The Pro Tec boards are the latest technology in composite material. The Pro Tec boards have a waterproof wrap that sheds moisture & allows for zero absorption. The Pro Tec layer also shows more detail in color variation giving the boards a natural look.

SELF LATCHING

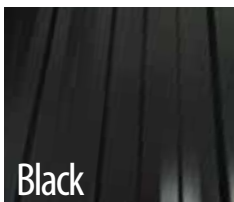

All our gate hardware has been tested to ensure our high standards for performance & durability are exceeded. All our latches, locks, and hinges work seamlessly with our gates. Whether you are looking for a self closing and latching for use with a pool or want a basic pin pad deadbolt which will provide great security.

Dura fences panels, rails, & posts are made of galvanized steel and are finished in a durable black or woodland grey powder coat. Panels are 8 ft wide, 6 ft tall and come only in full privacy. This durable fence provides a clean look with a long-life expectancy. Dura fence has a LOWER COST investment over wood, making it a great option.

**ALL OUR PERGOLAS COME STANDARD  
WITH LED LIGHTS & MOTORIZED  
LOUVERS CONTROLLED BY REMOTE. THE  
CONSTRUCTION IS EXTRUDED FROM  
ARCHITECTURAL ALUMINUM WITH A  
POWDER COATED FINISH.**

Available in one  
standard color

RAL 7016 Anthracite Grey

## DRAINAGE SYSTEM

When the louver system is closed it's designed to channel water to the internal hidden gutter system. Water is then directed down the inside of the posts keeping the area under the Pergo Lux dry.

## All our PergoLux models come standard with

- Motorized Louvers
- Built-in remote controlled LED light
- Hidden Drainage system
- Large 6" x 6" posts
- Snow Load Rating

## OPTIONAL MOTORIZED SIDE SCREENS

Motorized side screens can be added to any location on the pergola which are operated by a wireless remote. Side screens are made with a semi blackout fabric that are great for adding additional privacy. They also act as a wind & sun block but most importantly keep out mosquitoes.
